Dear Shef:

Thank you so much for the excellent presentation you did for our Head Start/Early Head Start teaching staff today. I was so excited to see the enthusiasm that your session created in our staff.

I have just finished reading through the training evaluations from your session. They were AWESOME!

I have never before had so many staff thank me for bringing in a speaker, but today many of our staff stopped to tell me how much they appreciated your presentation and me for bringing you to our program. They truly showed "gratitude" for your presentation, which only proves that what you say works!

The staff couldn't stop talking about how much they enjoyed your energy and they want to see you return again to present for our staff.

I also want to thank you for the extra effort you made with our staff appreciation giveaways. You were really great!

Thank you again,

Deb Perdomo
Education Coordinator
